

Grade 9

February 19, 2020

Dear Ace Scholarships,

Thank you for all of your support in letting me go to [redacted] School. My future has never looked so good.

[redacted] has been invaluable to me. One of the many lessons that [redacted] has taught me is to stand up tall and be proud of who I am. I've made many friends over the past school year that I hope to have forever. My teachers have made me rise like a balloon over my challenges. Not only have they taught me academics and speech therapy, they are also part of my family.

Just like you I hope to help people in need. I think it is important to give back to the community. Before I went to [redacted] I did not like school that much and I did not have many friends. Also, I was not as active outside of school. Now that I have joined the [redacted] community I feel like a new person. I am skiing during the week and taking a few classes at the high school. With your help and [redacted] commitment, I can do anything that makes me feel like me. I am much a happier person going to this school and that allows me to communicate, socialize, and bond with people.

If I can keep up my hard work, I can help homeless people that are in need of food, water, and support. This is one of my ideas to aid people in the future. I also like work with old people and kids.

Again I just want to say thank you for giving me a great Opportunity to learn and grow. You have given me faith in myself by supporting me and giving me a great education.

Best wishes,

Colin [redacted]
