PHILANTHROPIC INVESTMENT IN ARKANSAS KIDS PROGRAM

WHAT IS THE PIAK PROGRAM?

The Philanthropic Investment in Arkansas Kids Program allows nonprofit scholarship-granting organizations like ACE to raise scholarship money and help students statewide.

At least 90% of every gift goes directly to student scholarships, so contributors can feel confident their dollars are making a real difference for children, in addition to earning significant tax benefits!

"My name is Dan, and I am the grandparent of an ACE scholar. He is a proud freshman at Little Rock Catholic High. I am writing this on his mother's behalf. Due to her stroke in 2020, she still cannot think through and verbalize her thoughts. We applied to Little Rock Catholic because of its outstanding reputation in educating young boys. The structure and discipline are superior to that of the available public schools. Thanks to your financial help last year, we were so excited to have the opportunity to attend this year. Because of his "lost year" in 2020's virtual classes, he has had to work hard to catch up, but he is getting there. He loves his teachers and the completely different atmosphere from that of his middle school years. Thank you so much for your financial assistance. It is making a real difference in my grandson's education."

Every gift provides an opportunity for a student to learn more, achieve more, and begin writing his or her own success story.
