

ACE Scholarships advances K-12 educational freedom by securing financial support so families can access the quality education of their choice.

As one of the nation's largest nonprofit Scholarship Granting Organizations (SGOs), ACE has delivered privately funded and tax-credit scholarships for more than 25 years. Through its proven track record, ACE is poised to impact children across the country through the Education Freedom Tax Credit (EFTC).

ACE raises contributions nationwide, from donors in all 50 states, and delivers scholarships in every state that has opted into the Education Freedom Tax Credit initiative. **See the full list of participating states at acescholarships.org.**

Launched in May 2026, EmpowerEd by ACE Scholarships™ is the only co-branded, end-to-end scholarship management technology platform built by a national SGO. The platform handles the administrative complexity behind scholarship and tax-credit programs—application processing, eligibility, donor contribution tracking, compliance, and reporting—giving partners a real-time, one-stop view of their scholarship and donor operations.

Built for the EFTC

Designed to help schools, states, and organizations manage the operational complexity introduced by the EFTC ahead of its 2027 implementation.

No Cost to Partners

No annual platform fees, product markups, or transaction fees, so more dollars reach students.

Partner Dashboard

Real-time visibility into donations and student applications, with data downloads that integrate with partner systems.

School Marketplace

Partners select qualifying educational expenses and services from a custom marketplace where students can access approved scholarship-eligible purchases.
